SKILLS FAIR <http://www.carliseskillsfair.co.uk/> Event run by Carlisle MP

National police jobs and opportunities online event

From 8 January to 23 March the College of Policing will be running a national police jobs and opportunities online event. They will be taking the concept of a physical jobs fair and putting it into an online space so that it may be accessed 24/7 and from any location and device. There will be documents, videos and audio content to view as well as the opportunity to chat online to police officers and staff.

The event is for anyone wishing to join or re-join the police service and also those already serving who would like to explore professional development opportunities. It showcases jobs and vacancies, volunteer opportunities and also professional development opportunities across 30+ police forces as well as the opportunities available through PoliceNow and the College of Policing.

To join you just need to [register at here ahead of the event.](#) Once you have registered, you can then log onto the event any time (and as many times as you like) between 8 January and 23 March
