

#### **OVERVIEW**

This risk assessment, based on the CCC model risk assessment written in June 2020, has been updated with the arrangements and protocols that are in place and planned to enable the school to open fully from September 2020 for all students. It takes Government guidance published on 2<sup>nd</sup> July 2020 and subsequent revisions at its core, together with adjustments based on our Federation needs and taking into account additional risk control measures that we are planning to put in place.

This risk assessment has been adjusted to include the guidelines produced by CCC, and will be refined further as our approach evolves and we learn more about what we are dealing with. We will have a full library of overarching risk assessments (this Operations Risk Assessment plus Premises Risk Assessment) underpinned by detailed protocols and procedures for specific risk control measures. This library was published to staff at Solway and Beacon Hill during the summer and published to Richmond Hill staff during October 2020. Many of the protocols have been based on those developed for opening during summer term 2020 coupled with more details on how a whole school opening will be managed. These have then been refined in line with learning from the first half of the autumn term 2020.

Head teachers/ Governing Bodies are responsible for monitoring the advice and guidance available, ensuring Risk Assessments and Safe Working Practices are updated where applicable and cascaded through to employees. They must ensure that compliance is monitored, and any emerging issues addressed appropriately.

This risk assessment refers to current national guidance, In the event of a conflict between school protocols and government guidance, official government guidance should be followed where reasonable and practicable.

Should a conflict arise between information in protocols and this document, this document takes precedent.

The volume of information in all the risk assessments and protocols mean that some administrative errors may be found. In this event, common sense shall prevail and latest government guidance sought to ratify any contradictions.

Update 26 October 2020: update to information relation to ventilation within school and other revisions added in light of revised government guidance dated 20<sup>th</sup> October 2020.

This risk assessment has been further updated in light of the new government guidance and full national lockdown from 5<sup>th</sup> November 2020. It has been revised in line with guidance received on 4<sup>th</sup> November.

Update January 2021 – following national lockdown, update to mask use primarily. We are now operating a Hub in all of our schools, and specific Hub risk assessments and protocols should be read in conjunction with this risk assessment.

Update February 2021 in advance of full school re-opening on March 8<sup>th</sup>, 2021. Updates to relevant parts of this risk assessment in line with national guidance published 22/02/2021

Update March 2021 as LFT testing is taking place at home for both parents and students with effect 18th March 2021 and CEV staff can return to school from 1st April 2021.

RA Reference	CVS-03 School Operations Risk Assessment	Activity Description	COVID-19 - Infection Prevention and Control – SCHOOL OPERATIONS
Assessment Date	2 <sup>nd</sup> September 2020	Assessor Name	Jennifer Rowlands
Assessment Team Members	Senior Leadership Team	Planned Review Date	Monthly
Location	Cumbria Futures Federation (Solway Community School, Beacon Hill Community School and Richmond Hill Primary School)	Number Of People Exposed	Up to 250 at each site
Overall Residual Risk Level following implementation of effective control measures	Medium risk  Given the current Public Health information it remains likely that COVID-19 will continue to spread although for the majority of persons effects will be of minor severity	People Exposed	All Employees Pupils Visitors Contractors Members of the public Vulnerable Children/ Adults Persons with pre-existing medical conditions First Aiders New/ Expectant Mothers
Assessment Last Updated	18 <sup>th</sup> March 2021	Is this an acceptable risk?	Yes/ <del>No</del>

Hazard Description and How are people at risk	Current Control Measures (Those that are in place)	Potential Risk	Additional Control Measures (To be identified and implemented)	Action Details by Whom By When	Residual Risk
General Hazards in relation to school operations - overview	We follow current government guidance, HR and Public Health Guidance in arranging risk mitigation for school operations and premises risks. This includes:  Prevention  1) Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.  2) Ensure face coverings are used in recommended circumstances 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual. 4) Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.				

- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.
- 8) Where necessary, wear appropriate personal protective equipment (PPE).
- 9) Promote and engage in asymptomatic testing, where available Response to any infection:
- 9) Promote and engage with the NHS Test and Trace process;
- 10) manage confirmed cases of coronavirus (COVID-19) amongst the school community;
- 11) contain any outbreak by following local health protection team advice.

We will follow the requirements of the guidance in managing school premises and operations updated on 22<sup>nd</sup> February 2021.

All staff will receive appropriate training and updates on the measures contained in this risk assessment. Initial training on the risk assessment and measures took place prior to opening in September (via online training). Further training took place during Inset, and ongoing reminders and spot checks have taken place since then. Further training videos are available for March 2021 opening.

We will also use as a principle the definition of a 'contact' to guide us as to what is appropriate in terms of social contact within school, between adults and children and adult-child interactions. This means we will ensure that, where possible, reasonable and practicable:

- 1) We will avoid face to face contact within one metre of anyone
- 2) We will avoid skin to skin physical contact
- 3) We will avoid any contact within one metre of anyone else (where possible and practicable). In particular, adults will be encouraged to stay at least one metre away from others. For children that means we will space tables so that they are as far apart as is possible within the constraints of our classrooms, and that students sit side by side. Seating plans will be static in order to keep close (within 1 metre) contact to a minimum number of people

- 4) We will avoid being within 2 metres of anyone for longer than 15 minutes in any one day
- 5) We will avoid travelling in vehicles together, other than others in the same household

#### Close contact definition:

- anyone who lives in the same household as someone with coronavirus (COVID-19) symptoms or who has tested positive for coronavirus (COVID-19)
- anyone who has had any of the following types of contact with someone who has tested positive for coronavirus (COVID-19) with a PCR or LFD test:
- face-to-face contact including being coughed on or having a face-toface conversation within 1 metre
- been within 1 metre for 1 minute or longer without face-to-face contact
- sexual contacts
- been within 2 metres of someone for more than 15 minutes (either as a one-off contact, or added up together over one day)
- travelled in the same vehicle or a plane

Risk assessment and its implementation will be monitored by Senior Leaders on a regular basis, and will take account of wellbeing survey information, weekly LA infection reports and any critical incident reviews as well as internal reviews of processes, procedures and incidents.

Regular feedback will be provided to staff on the Risk Assessment Reviews (see emails, briefing notes)

This document will be provided to all staff and available on our school websites, with most current copy available from the school office / Business Manager

### Hazards in relation to staffing and daily operation

Lack of supervision/ management of groups to comply with current guidance

Unable to maintain staffing levels due to infection or isolation

Child or young person requiring 121 support

SEND/ Behaviour Management Issues

Ill health/ injury due to airborne or surface contamination with Covid-19

- ☐ We have developed an accompanying COVID-19 School Premises risk assessment and communicated this to all staff and their safety representatives
- ☐ Full government guidance is followed in the event of a suspected or confirmed Covid-19 case including self-isolation and test and trace protocols

#### **Contact with Individuals who are Unwell**

- ☐ Staff report prior to coming into school if they are experiencing any of the following symptoms: A high temperature, a new continuous cough and/or loss of or change to taste or smell
- ☐ Parents, pupils and households of pupils, prior to coming into school, should ensure that they are not experiencing any of the published Covid-19 symptoms, and have not come into contact with a confirmed case of Covid-19 within the last 14 days
- ☐ Parents, pupils and staff will ensure that they carefully and fully follow any official advice to self-isolate following potential contact with a confirmed or suspected Covid-19 case
- ☐ Unexpected visitors to school will be strongly discouraged, and will not be allowed to enter school under any circumstances unless approved by the Executive Headteacher or Head of School, and only where that individual wears a mask at all times when on school site (including outdoors)
- ☐ All staff responsible for ensuring that they are fit and well to attend work.
- □ External visitors will not be allowed on site, including official visitors, peripatetic teachers and cover teachers, unless their presence has been agreed in writing by the Executive Headteacher. Face to face visits or meetings will be the exception, rather than the norm, and clear guidelines will be followed for those few meetings / visits that are approved (e.g. wearing a mask at all times, avoiding times when students are circulating within school, using a room with an external door and using that for entry and egress, thorough cleaning before and after the meeting / visit)

☐ Local lockdown procedures as outlined by CCC and PHE advice will be followed in the event of a localised incident or outbreak

All staff, parents and pupils to be advised that they must inform school if they or anyone in their household have been advised to self-isolate or have come into contact with anyone with symptoms, before entering school

An information poster highlighting the symptoms of COVID19 is placed throughout the premises.

Ongoing communications (posters, emails, inductions, briefing, toolbox talks) have been provided to all employees and/or regular visitors

See Protocol CV04 for more details of control measures in place.

### Minimising contact between individuals and maintain social distancing wherever possible Staff and students in year 7 and above MUST wear face masks at all times when in school, and will adhere to instructions for safe use, storage and cleaning of face masks. ☐ Pupils in year 6 or below will not be required to wear masks but may if parents wish. Staff at all our schools will wear masks at all times. ☐ Staffing plan is in place to ensure safe staffing levels are achievable, agreed established and monitored appropriate to group sizes/ pupil needs and the activities required. – Ratios based on appropriate risk assessment. If staffing levels fall below minimum levels of one teaching member of staff per classroom needed for each bubble, plus one additional teacher, plus 2 TAs and two office / premises staff then the Local Authority will support us to enable opening where possible. In EYFS the requirements for staffing will be in line with minimum legal ratios for children to staff. In primary school, additional TAs will be needed for children with EHCP and other needs and to provide general in-class supporting, depending on the needs of that particular class. Other staff, for example lunchtime supervisors, will also be required to support opening. ☐ Any decision on minimum staffing levels will be based on individual circumstance of the school that that particular time, and will be triangulated with senior leaders, Chairs of Governors and the Local Authority if required to ensure a safe number of staff are available. ☐ In the event of full closure of the school for any reason, we will revert to provision of a Hub-style approach for our students, using arrangements and risk assessments used in Summer 2, 2020 and Spring 1, 2021. Remote learning will be provided for other students. ☐ Full plans are in place to deliver in person and online learning

safely should either of our secondary schools be put into Tier 2 lockdown, including the continued provision of cleaning measures

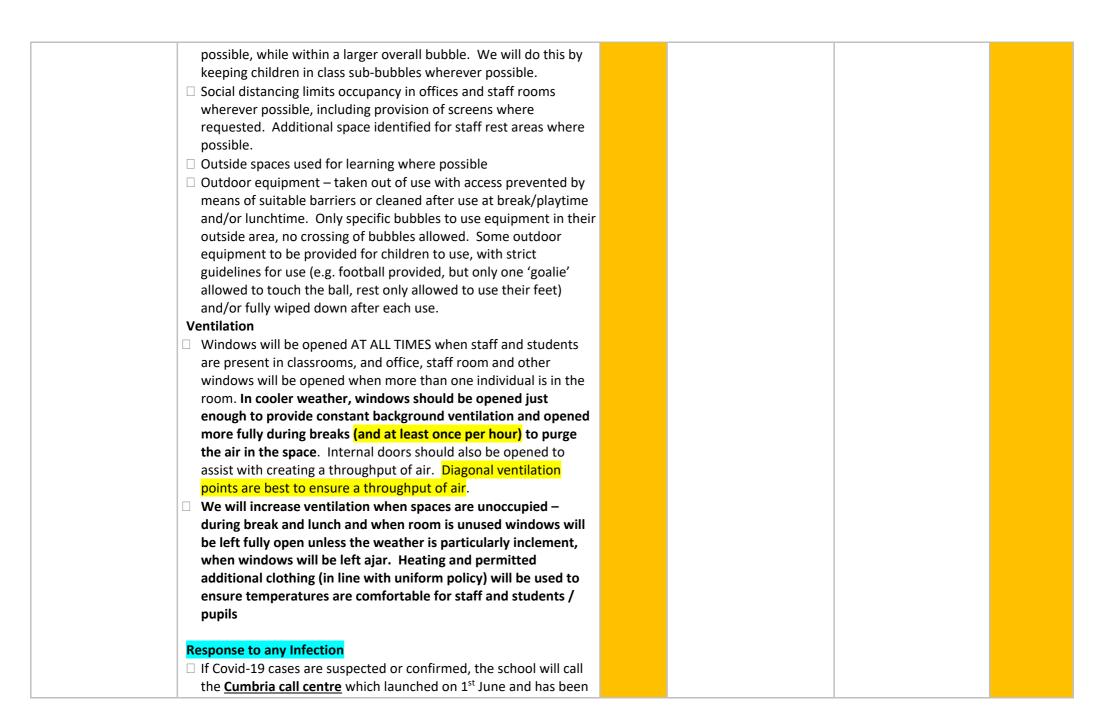

☐ Timings of arrivals, lessons and activities in place and adhered to.  Staff will move between bubbles in order to facilitate the delivery			
of the school timetable.			
$\hfill \square$ Doors will be propped open to reduce touch points and to aid			
ventilation. At the end of the day, and in the event of an			
emergency, doors will be closed for fire prevention purposes.			
☐ Parents/carers are not allowed in the school unless explicit			
approval has been given in writing by the Executive Headteacher,			
Head of School, Deputy / Assistant Headteacher or Executive			
Business Manager. In exceptional circumstances only, visitors will			
be allowed as long as essential protective measures are taken			
(wearing a mask at all times, avoiding times when students are			
circulating within school, using a room with an external door and			
using that for entry and egress, thorough cleaning before and			
after the meeting / visit and use of internal track and trace forms)			
□ Student 'bubbles' in place to limit contact with other groups of			
students as far as is reasonably practicable. Separate lunch			
arrangements and separated playgrounds / staggered breaks /			
playtimes and lunchtimes as appropriate to ensure bubbles do not			
cross wherever possible. For some specialist teaching at primary,			
small groups of children from within bubbles may work together			
outside their normal classroom group – e.g. phonics.			
Classrooms set up so that all students are facing forwards (other than in EVES, Recention and Year 1 where small group spaces are			
than in EYFS, Reception and Year 1 where small group spaces are used), and a 2m exclusion zone around the front of the room			
when teacher is standing by whiteboard. Screen available for			
teachers desk if desired. We will ensure a 2m distance from			
teacher seated at desk and nearest student, where possible. 2m			
distancing may not be possible with younger children and other			
staff dealing with younger children.			
☐ Children who are old enough will be supported to maintain			
distance and not touch staff and their peers where possible. This			
will not be possible for the youngest children and some children			
with complex needs.			
☐ When staff or children cannot maintain distancing, we will reduce			
risks by keeping pupils in smaller, class sized groups wherever			
·		l .	

	contacts within school to isolate for 14 days or as advised by PHE and		
	CCC. General		
	☐ All staff adhere to any instructions, advice, guidance and site rules		
	provided to them.		
	☐ PHE COVID-19 Testing guidance communicated to staff		
	☐ Staff responsible for ensuring that they are up to date with their		
	own routine immunisations		
	□ Pupils – Individual healthcare plans in place for pupils who require		
	them.		
	□ Pupils - Separate individual risk assessment/ healthcare /		
	behaviour management plans and external support accessed		
	where required to determine if the child or young person can		
	safely attend		
	Referrals made to occupational health as appropriate		
	Employees advised of and offered vaccination cover (as this		
	becomes available and appropriate)		
	<ul> <li>Specific risk assessments will identify additional control measures to be followed to prevent cross contamination and infection e.g.</li> </ul>		
	Cleaning/ Kitchen risk assessments and specific protocols for		
	cleaning between cohorts, e.g. at lunchtime.		
	☐ Absence/self-isolation cases due to COVID 19 (suspected or		
	confirmed) must be reported via the normal reporting procedures		
	□ Normal absence and wellbeing reporting procedures followed		
	□ Normal pre-employment procedures followed.		
	☐ Pupils and staff will be permitted to take home resources that are		
	relevant to pupil education and development – rules around hand		
	hygiene and cleaning of resources and rotation will apply.		
	Resources such as books and games will be shared within the		
	bubble and will be cleaned regularly, between use and by		
	different groups.		
	☐ Resources such as sports, art and science equipment must be		
	cleaned frequently between bubbles or rotated to allow them to		
	be left unused and out of reach for a period of 48 hours (72 for		
	plastic) by different bubbles.		

	<ul> <li>□ Parents/carers only allowed in the school at the discretion of the Headteacher and where possible outside of school hours</li> <li>□ If in use, outdoor play equipment must be cleaned frequently, before and after use and between groups.</li> <li>□ The amount of equipment that pupils can bring into school will be limited to essential items such as easily cleaned lunch boxes, hats, coats and books, stationery (frequently used items such as pens and pencils, although packs of stationery will be provided for all students and pupils) and mobile phones, where permitted.</li> <li>□ School Bags are also allowed – storage for these items needs to be planned. A crate may be available, where appropriate, for each student to keep in their base classroom to store equipment.</li> <li>□ Sharing individual / personal equipment will be discouraged.</li> <li>□ All pupils must have their own water bottles</li> <li>□ Water fountains must only be used within bubbles and cleaned on a regular basis.</li> <li>□ Soft equipment and play clothing will be reduced as much as possible within classrooms, or washed / sanitised thoroughly between uses and only used intermittently (every 3 days) to reduce risk of cross-contamination</li> <li>□ Sand and water trays will be taken out of use unless only being</li> </ul>		
Infection Prevention through social distancing and minimising contact between groups.	used by one particular class or group.  □ Children will be supported to maintain social distancing and encouraged not to touch staff where possible. This may not be feasible for very young children, where adults must take responsibility for ensuring they wash/sanitise their hands as often as possible and keep themselves safe  □ All staff with younger children and children with complex needs or who need close personal care will try to maintain their distance and minimise time spent within 1 metre of anyone.  □ Staff will try to maintain a 2 metre distance between themselves, their colleagues and the pupils where possible, limiting time spent within 1 metre of anyone.  □ School assemblies and collective worship with more than one group will not be held in a single, face to face setting		

Hazards in relation to lack of cleaning/ hygiene/ waste management	Clean hands thoroughly more often than usual  ☐ Staff and students instructed to wash their hands upon entry into school, returning from breaks, when they change rooms, before and after eating and when they have been to the toilet.	10 - Medium Risk	Pupil allergies identified where applicable	Headteacher	Medium
	<ul> <li>□ Movement around the school will be kept to a minimum and where possible break times and lunch times will be staggered to prevent busy corridors, entrances and exits.</li> <li>□ Separate bubble and year group arrival and finish times, entrances and exits will be used to keep groups apart when they arrive and leave school. Parents / carers / students will be informed of their allotted start / finish time and must keep to those arrangements.</li> <li>□ Parents will be reminded of the need for social distancing from each other when dropping off / collecting children, particularly at primary school. They will be reminded regularly of our protocols.</li> <li>□ Special arrangements will be considered for staff who work across groups (bubbles) across the school and between schools in our Federation e.g. cover supervisors and PPA staff.</li> <li>□ Office staff will work in separate offices where possible, or make use of zones or desk screens if that is not possible. People should not work face to face if at all possible. Maintain social distancing with staff who work in one place, such as office or reception staff.</li> <li>□ Reduce contact with objects coming into the school by quarantining post and deliveries, or observing strict hygiene measures</li> <li>□ Sanitise shared phones / keyboards / equipment regularly and in between users</li> <li>□ Staff will discouraged from car sharing for the duration of the pandemic.</li> <li>□ Clinically vulnerable staff will be supported to enable additional social distancing while at work.</li> <li>□ Clinically extremely vulnerable staff are strongly advised to work from home. If CEV staff wish to work in school we will agree actions with those individuals to reduce their risk as much as possible and revise risk assessments regularly.</li> </ul>				

	☐ Supplies of hand sanitiser available at entrance points and where	L5 x S2	Ongoing and regular

and hygiene processes	☐ Hand hygiene procedures widely promoted and adhered to with		developing national	
,,,	provision/ promotion of the use of sanitising hand gel (60+%		guidance in relation to	
	alcohol) as required for those without easy access to suitable		COVID-19	
	handwashing facilities. Hand washing/sanitising done on arrival,			
	when arriving in and leaving classrooms, before and after eating,		See Protocol CV08, CV05	
	after using the toilet etc		and CV06 for more details	
	☐ Safety data sheets available in the school office in the case of		of control measures in	
	ingestion		place.	
	☐ Supervision of hand sanitiser stations wherever possible, so		Ĺ	
	positioned in frequently used areas and within classrooms. If area			
	that needs a sanitiser station is not easily overseen a portable			
	hand sanitiser station will be used and removed after use.			
	☐ Sufficient handwashing facilities are available: sinks, soap and			
	towels			
	Ensure good respiratory hygiene			
	☐ Lidded bin for tissues available in each classroom and other areas,			
	double bagged when emptied at least daily or more frequently if			
	needed.			
	☐ Signage and training in place for students and staff to ensure good			
	respiratory hygiene is carried out			
	Introduce enhanced cleaning			
	☐ We will ensure that there is regular cleaning and disinfection of			
	surfaces that are touched more frequently. Classroom furniture			
	cleaned by students/staff before and after use. Staff desks			
	cleaned by staff before and after use. Cleaning of communal			
	areas (touch points only) and toilet areas at least twice a day, with			
	supplies available (e.g. disinfectant wipes) for staff and students			
	to wipe down surfaces, especially in toilets. Once a day full deep			
	clean with bleach based products covering all areas and focusing			
	on touch points. Our cleaning protocols will be followed.			
	☐ Sufficient waste bins close to the wash stations will be provided			
	and emptied regularly by designated staff.			
	☐ Where toilet facilities are shared by more than one group, where			
	possible cleaning will be completed between use by different			

	groups. Separate toilets/cubicles will be allocated to bubbles where possible.  Standard cleaning products and disinfectant will be used for cleaning (bleach based clean of hard surfaces once a day in line with cleaning risk assessments)  Cleaning will be carried out in accordance with the current guidance COVID-19 Cleaning in non-healthcare settings and our own risk assessments.  Where necessary, wear appropriate PPE  Face coverings must be worn by all staff at all times. Masks are also mandatory for specific First Aid or other need that necessitates the use of PPE  Students in year 7 or over will wear a face masks at all times when in the building. Masks may be temporarily removed when eating / drinking.  When delivering personal/intimate care or first aid, staff will wear the normal PPE required as detailed in individual healthcare plan or first aid protocols  General			
	☐ Suitable signage and visual instructions displayed as required			
Transport and Travel Reducing the risk of	Minimise contact between individuals and maintain social distancing wherever possible  ☐ Safe transport guidance promoted to staff and parents	10 - Medium Risk	Where possible staff should avoid/limit the use of public transport. If this	Medium
infection	<ul> <li>Protocols in place for drop off and pick up and pre- and post-transport protocols in place</li> <li>A Transport risk assessment is available for SEND children where appropriate and those children are accessing our schools</li> <li>Transport providers will follow appropriate controls as highlighted in their code of practice</li> <li>Schools will record how each person, pupils and staff, travels to and from school (to support Track and Trace)</li> <li>Pupils who have travelled to school on public transport, wearing face coverings, will be instructed not to touch their face covering during use or when removing them, they will be asked to wash</li> </ul>	L5 x S2	is unavoidable Government guidance is that you need to use a face covering	

	their hands on arrival and dispose of any temporary face coverings into a lidded bin where available (or into a bag and transferred to the bin) or place reusable face coverings into a plastic bag to take home with them. They will then need to wash their hands again.  Where relevant, transport for SEND pupils will be subject to individual risk assessment  Staff and pupils over the age of 11 will be required to wear face coverings when using public transport – coronavirus-covid-19 safer travel guidance for passengers face-coverings  Domestic overnight and overseas educational visits remain suspended  Non-overnight domestic educational visits may resume in the autumn term. Individual educational visit risk assessments will include any additional protective measures that may be required.  We will make use of the EVOLVE Notification and Approval System for any out of school requirements that would normally require EVOLVE. We will follow the normal process of risk assessment and log all educational visits onto the EVOLVE database.  For the duration of national lockdown, we will carefully risk assess any school trips and		
Hazards in relation to pupil and staff wellbeing and mental health  Preventing ill health due to anxiety and work related stress	General  School Stress Risk Assessment in place Where staff report work related issues − individual stress risk assessment will be carried out in line with HSE guidance Staff will be referred to occupational health as early as possible Good communication measure in place and maintained with staff All staff aware of their responsibilities to report safety concerns, ill health, damage, defects, accidents or incidents in line with existing school policy. Pupils support provided by normal pastoral arrangements, plus outside agencies where possible Staff will be asked to report any concerns in relation to health and wellbeing so that these can be discussed and support provided as relevant. The school will continue to follow its normal process in	The Local Authority have produced the following guidance Coronavirus – getting back to school Supporting emotional wellbeing and learning	Medium

	relation to managing work related stress and ill health procedures.  Staff well-being will be monitored –via regular staff meetings, encouragement of discussions with senior staff and via regular surveys.		
Hazards in relation to staff deemed high risk due to underlying or pre-existing health conditions Pregnancy, Asthma etc.	General  ☐ Those staff who are at a higher risk due to their underlying or preexisting health conditions and have been prescribed medication, should where possible carry their prescribed medication with them at all times  ☐ CCC guidance followed when considering who should attend school and what specific actions to put in place for individuals.  ☐ Vulnerable staff (and students) will be subject to individual risk assessments, and all staff will complete a self-risk assessment to ascertain their individual level of vulnerability, dependent on government guidance at that time.  ☐ Some staff (e.g. pregnant women) may be encouraged to work from home, or have a specific area reserved solely for their use on site with no close contact with other staff or students — this will be outlined in individual risk assessments.  ☐ Options for working arrangements discussed with individuals and based on individual risk assessments.  ☐ Options for working arrangements as agreed by staff and the school.  ☐ Sufficient mitigation against risk to the individual, headteacher and school in place should persons at risk decide they wish to work in school in any case and reasonable adjustments made to working arrangements as appropriate  ☐ Extremely clinically vulnerable (CEV) staff are advised not to attend the workplace until 31st March 2021. We will discuss with staff their particular requirements and conduct separate risk assessments as appropriate. After 31st March, CEV staff may attend work if they cannot work from home.  ☐ Clinically Vulnerable staff will be supported to adhere to the system of controls (prevention and response to any infection guidance above) to minimise the risks of transmission.	If the person cannot undertake their normal duties contact your HR provider to discuss any reasonable adjustments	Medium

### COUNTY COUNCIL CUMBRIA FUTURES FEDERATION - COVID-19 SCHOOL OPERATIONS RISK ASSESSMENT

### Hazards in relation to Response to infection managing incidents and emergencies infection exposure incidents. (in line with current Public Health First Aid/ Accidents/ Incidents/ Emergencies Staff or pupil becoming community unwell with COVID-19 symptoms whilst on

# ☐ Suitable follow-up procedures to be taken following potential

- England and updated HSE RIDDOR guidance circulated to Schools) ☐ School will fully engage with test and trace process
- ☐ School will manage confirmed cases amongst the school
- ☐ School will work with PHE to contact any outbreak
- ☐ Suitable first aid First aid kits in place updated to include (where already not supplied) IIR fluid resistant / surgical masks (per Government guidance) and disposable gloves, hand sanitisers and disposable aprons and visors for close contact first aid treatment. Training in donning and doffing PPE given to all staff likely to use PPE in dealing with an emergency
- ☐ At least one person with a paediatric emergency first aid at work certificate will be premises at all times when children are present.
- ☐ School Emergency Plan/ crisis management plans in place
- ☐ Adjustments to fire plans documented and clearly communicated to all staff
- ☐ All staff aware of their responsibilities to report safety concerns, ill health, damage, defects, accidents or incidents in line with exiting school policy.
- ☐ Where a child (or adult) develops symptoms whilst at school, they will be moved to a room where they can be isolated from others until they can be collected. Adult supervision will be provided at all times by a trained member of staff
- ☐ Where there is no room to isolate, the child must be moved to an area where they can maintain a 2M distance
- $\ \square$  PPE will be provided if a child or member of staff becomes ill with symptoms of COVID-19 and the staff who are caring for them are unable to maintain the 2m social distance. PPE measures will include a Type II Fluid Resistant Surgical Mask, apron and gloves.
- ☐ Where practicable, a separate toilet will be used if the child/adult needs to use the bathroom which will be cleaned and disinfected

All first aid certificates are current and rota in place, plus emergency arrangements, to ensure coverage at all times.

Full briefing to all staff of 'what to do in an emergency' covering various scenarios

Allocation of a senior staff member to act as emergency contact to provide remote and onsite support in the event of an emergency
